Judge Colleen Kollar-Kotelly ,

Please do not accept this offer from the Department of Justice. This offer gives no relief to the consumer, and does little to prevent Microsoft from continuing its predatory ways. Force Microsoft to compete on a level basis with the other software makers, and allow software growth to once again fuel the American Economy. Force Microsoft to develop/market/sell a "non-bundled" version of it OS. This would allow users like myself to use the OS that has the most stable drivers, with the browser that has the most features, and the Instant Messenger with the most security ...
